# October 2011

From the C.D.

Hello everyone and we hope all is well with everyone. As you all know we went to the North Carolina Rally in Fletcher. We had a total of fourteen members present in Pigeon Forge. We got a little wet coming and going, but the weather was very nice while we were in Pigeon Forge. Some of use went to the rally on Friday, while others went shopping. On Saturday we went to Cades Cove and did a lot of riding in the Smoky Mountain National Park. Charles and Joyce went zip lining and said it was a blast. We had a lot of great meals together while in Pigeon Forge. The comradeship was great fun. Also Mike and Barbara come up from Florida to be with us.

Up coming events that we are planning on attending are E-2's Fun day on Oct 1<sup>st</sup> in Pooler. Please support them if you can. We are planning on attending this event on Saturday. Also we are going to do a day ride to Biketober fest in Daytona, Florida on Saturday, Oct 15, which is also our meeting night, so it will be a quick trip. We will send an e-mail out next week with the details of this ride. Let us know if you are interested in going on this ride. That all I have for now so ride often and ride safe.

*Rider Education*

Hello Wingers,

If someone pulls up beside of you or you up beside of them and you respond: Where did you get your driver's license, K-mart or the dollar store? Or is this your private road, does it bare your name? It can escalate into road rage, if you are not careful about what you say. You can give a dumbfounded look. You can smile and give a nod of the head or say sorry. You need to be cautious because the other person might not be right in the head because of a bad day at home or at work. They might pull out a smoke pole and you might need to react fast and get away.

On the other hand you might be a third party. You may see a couple of vehicles driving reckless and waving at each other without all of their fingers extended. This can be dangerous for everyone on the road. Back off --- Keep them in front of you with distance between you and them. They may use their cars on one another and if you are on your bike, you are no match against a cage.

Ride to be seen with bright lights on in daylight hours and remember that **YOU** are the **MOST IMPORTANT** safety item on your bike.

Alan & Jane Moore C/E

*Breakfast Rides*

10/1/11 Whistle-Stop  
Café

10/8/11 Sunshine Breakfast Restau-  
rant
